Discipleship Resources Overview

Welcome to Logan Leadership's discipleship resources! Here's a helpful overview to help you find what you need and figure out how all the different resources fit together. We've also included a bonus resource to get you started!

Please reach out with any questions you may have at <https://loganleadership.com/contact-us/>.

The Discipleship Difference

If you are looking for a holistic, biblically-based approach to discipleship, we recommend starting with this book. The Discipleship Difference takes a comprehensive look at what a disciple is and does and provides guidance on how to get there. This book provides an overview of the 8 dimensions of discipleship that form the core of many of our other resources. **Also available in Spanish.**

Guide for Discipling

This set of 8 guides provides a way to walk through each of the 8 dimensions of discipleship. They can be used with a coach, a mentor, or a peer discipling group, and include topic overviews, scripture passages, coaching discussion questions, and action steps. These guides are also available in denomination-specific versions including **Lutheran, Vineyard, and Episcopal**. For native Spanish speakers, we are pleased to offer **Las Dimensiones Del Discipulado** (Dimensions of Discipleship).

Disciple Assessment

This online 360-degree assessment helps you determine your relative strengths in each of the 8 essential dimensions of discipleship. Use it personally, together with your small group, or congregation-wide. Bulk discounts are available.

Storyboards and Coaching Guides

Storyboards are a powerful framework that you can use to create opportunities for discussion, insight, and action in 1:1 and small group settings. Companion coaching guides offer key questions for each section of the storyboard and a suggested path to help you direct the conversation in a meaningful way to produce value-driven results. The **Making Disciples Storyboard and Coaching Guide** helps you develop others as they seek to Love God, Love Others, and Make Disciples.

Free Resources

Various free downloadable resources for discipleship include:

The Disciple Assessment Retreat Guide

Use this resource as an outline to lead your group in processing their Disciple Assessment results in a weekend retreat.

The Guide for Discipling Overview

Gain an overview of what the Guide for Discipling looks like and how it can be used. A free “taste and see” excerpt is included for you and your group to review.

The Discipleship Cycle

This fillable PDF will help you think through your ministry’s current discipleship system to help you identify strengths and opportunities for improvement.

The Map of Discipleship

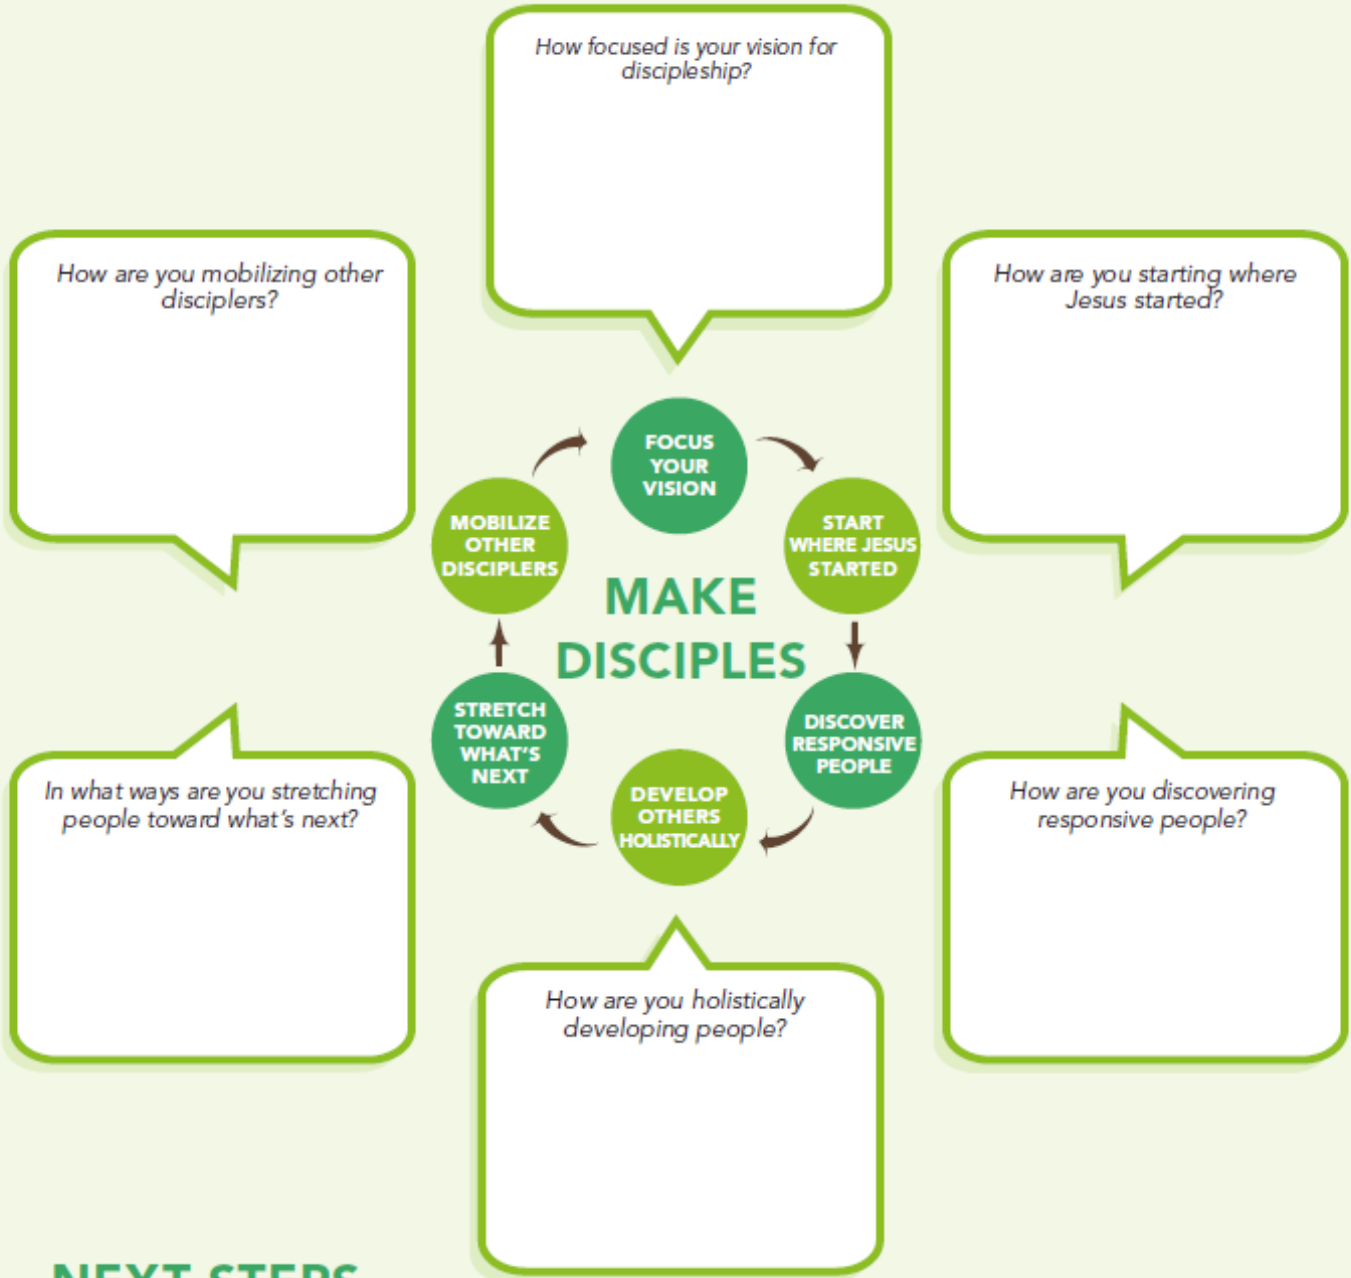

This tool lays out the 8 dimensions of discipleship in a way that can help people visually determine where they currently are in their discipleship journey and what they need to focus on next. Coaching questions for each pin on the map are included to facilitate discussion and encourage goal-setting.

Bonus: Discipleship Cycle Action Planning

Use the infographic-style resource on the next page to encourage awareness of the parts of the Discipleship Cycle and generate discussion with your group about the ways in which we all can improve our discipleship skills. **Download the entire free PDF document here.** (If you are holding a print copy of this overview, please visit the link below).
